

Play your way.

Flow Station is a digital jukebox. It takes the way people used to listen — a coin, a code, a shelf you could put your hands on — and builds it around the music you listen to now: your files, your YouTube links.

- 
Your Files
- 
YouTube
- 
Google Drive
- 
Coin / Credits
- 
Two-Digit Codes
- 
Real Play (100 folders)
- 
Infinity (whole folder)

[Sign in to your cabinet](#) → L.I.P. - LISTEN IN PEACE

**Less skipping.
More flowing.**

Where the music comes from

-  YouTube links (ready to play)
-  Files on your device (mp3, etc.)
-  Google Drive folders (play anywhere)
-  Excel / CSV (track lists)

Your music. Your sources.

Your cabinets

- Title Strip
 - Cassette Tape
 - CD Case
 - Vinyl Grid
 - Flower
- ✓ 100 folders (00–99)
